Radiation Therapy Equipment

10471 Cobbs Road, Glen Allen, VA 23059
Phone: (804) 752-2776 Fax: (804) 752-2864

ABOUT SIM NET INC

Sim Net specializes in sales and services for Kermath Therapy Simulators. We can provide original equipment manufacturer (OEM) specified replacement parts, emergency service calls, service contracts, preventive maintenance inspections, leasing, relocating complete systems, and selling remanufactured systems. Sim Net purchases and accepts used Kermath Therapy Simulators as trade-ins. Sim Net has an experienced staff and the materials to meet all of your Kermath Therapy Simulator needs. We are also suppliers of a variety of new and refurbished X-ray equipment, from companies such as Dunlee, emd Technologies (Electromed), Fischer Imaging, North American Imaging, Philips, Precise Optics, Raytheon, Richardson Electronics, Sedecal, and Varian. Please feel free to inquire about any aspect of the Kermath Therapy Simulator and associated X-ray and imaging peripherals.

Remanufactured Kermath Simulators

Sim Net Inc has teamed up with Sedecal USA to supply Veterinary X-ray Systems to Virginia, Maryland, D.C., and North Carolina. As a Sedecal USA dealer, Sim Net Inc will provide sales, service, and installation of Sedecal's full range of Veterinary X-ray systems, from portables to stationary systems for large animals. By combining Sedecal's known reputation for new, high quality veterinary systems with Sim Net's experience on all aspects of x-ray equipment, customers can expect only the best in veterinary systems sales and service.
